

Stroud Plumbing Limited

TO WHOM IT MAY CONCERN

Andrew Barnard of Stroud Plumbing Limited has worked for us for a number of years, on both larger jobs (e.g. installation of a new bath room including building work and electric underfloor heating) and smaller plumbing jobs.

At all times he has been extremely responsive to our needs, and worked sympathetically with us to find appropriate solutions. He turns up when agreed and works diligently while on site, until the work is finished.

We have been extremely pleased with the work that has been done for us and would have no hesitation in recommending Stroud Plumbing.

Mr. & Mrs. M. Hussain
